

## **Foundation Remote Collar Workshop**

**Saturday, Oct. 24, 2015 - 10am to 4pm**

**Mission, BC**

Andy from Obedience Unleashed Dog Training and Jill from Life Without A Leash Dog Training, have teamed up as remote collar specialists and are pleased to offer a Foundation Remote Collar Workshop.

Participants will learn how to get started using a remote collar as a non-confrontational motivational tool. Basic obedience will be covered emphasizing practical exercises for everyday use and how to work through behaviour problems.

This workshop is excellent for those who have control issues with their dog or for those just wanting to make their dog much more attentive to any command.

This workshop is open to everyone including pet owners, trainers, agility dogs, hunting dogs, search and rescue dogs, law enforcement handlers and trainers, veterinarians, shelter personnel, etc. We encourage dogs with behavioural problems to participate in this workshop with issues ranging from shyness to all types of aggression.
